DRY HIRE WEDDINGS

Hampshire Private Estate, RG26 5FE

The Boathouse & Woodland

We are delighted to offer exclusive use of The Boathouse and its surrounding woodland for your wedding day. Set beside Ewhurst's lake, the Boathouse offers a naturally beautiful and private setting for an outdoor celebration, with the water, woodland and wider estate landscape creating a backdrop that changes beautifully throughout the day.

The setting is designed for couples who want their wedding to feel relaxed, personal and connected to the landscape. From arrival drinks beside the water and an alfresco ceremony to long-table dining, evening drinks around the fire and dancing beneath the trees, the space gives you the freedom to create a celebration that feels entirely your own.

Exclusive Use

Your hire provides exclusive use of The Boathouse, surrounding woodland and designated outdoor areas for your wedding celebration.

This allows you and your guests to enjoy the setting privately throughout the day, without sharing the space with other events or visitors.

Catering & Suppliers

We welcome weddings that reflect the character of Ewhurst Park and can work with you to build a food and drink offering around the celebration you have in mind. Depending on your package, catering may be provided through our selected suppliers or agreed external partners.

On the Day

Where appropriate, suppliers may have access ahead of guest arrival to prepare the space. Please use your agreed access time for final styling and setup rather than extensive construction or installation. Larger items such as marquees, furniture, or specialist production should be arranged with the Events Team and relevant suppliers in advance.
